happen every year. It is a good place to chase one.

B.

They are caught by the first two tornadoes they chase. In each of the tornadoes one of the Dorothy boxes is destroyed. One of their trucks is also destroyed by a tornado. The team listens to the weather report and learns that an F5 twister is heading in their direction. The earlier twisters were not quite as strong. They were F1 and F2 tornadoes. F1 and F2 are the weakest class of tornadoes, but they are still strong enough to cause damage. An F5 tornado is the strongest tornado there is.
